Case Study

Design & Implementation
of Logistics Database for
US-based Global
Technology Distributor

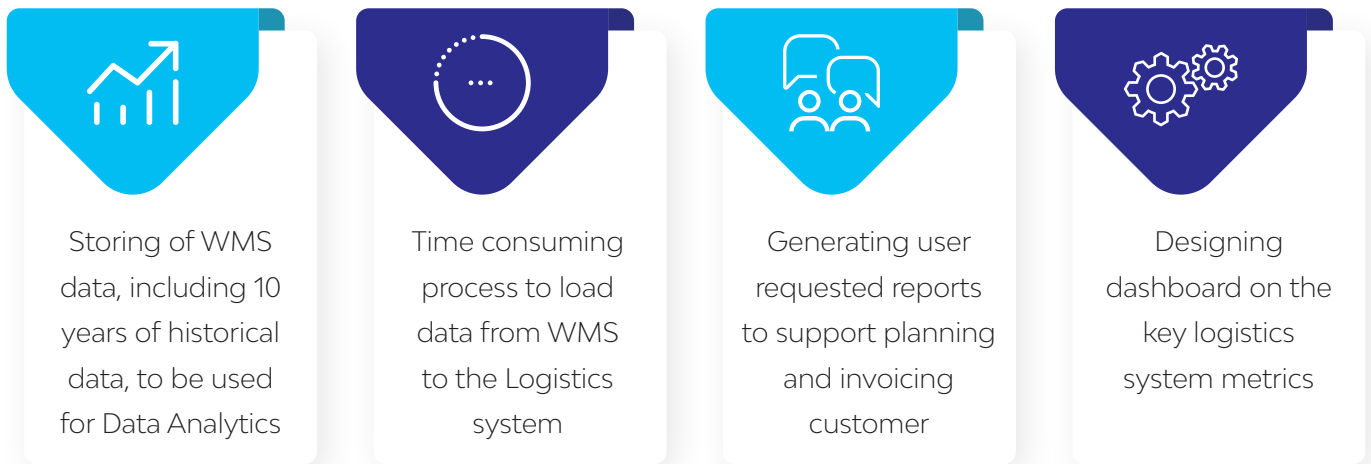

A Larsen & Toubro
Group Company

Client

A Fortune 100 company, which is the world's largest wholesale technology distributor, and a global leader in IT supply-chain and logistics solutions.

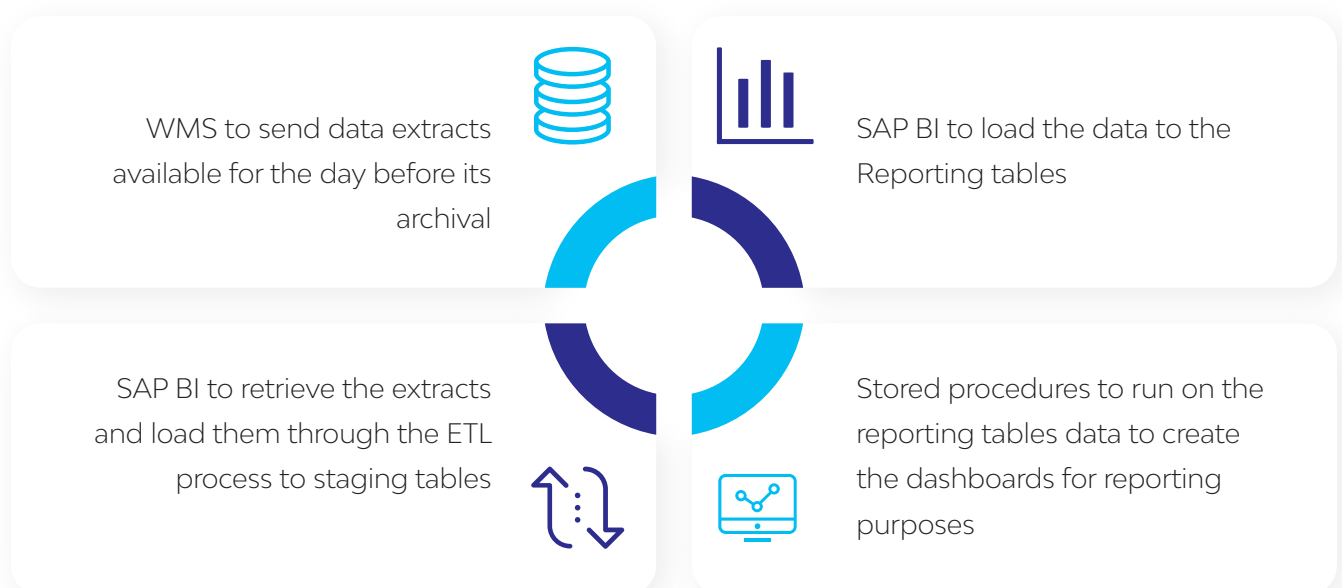

Challenges

The client was looking for a dashboard to report on key logistics system metrics, so as to enhance and simplify the decision making process. Following were the key project challenges:

LTI Solution

LTI helped the client with implementation of SAP BI tool to achieve the business targets for the project by following activities:

Business Benefits Delivered

Major help to Operations team & Senior Management in decision making and planning for logistics related metrics.

Dashboard to show the productivity of the associates, along with steps needed for improvement.

Zippping of the extracts resulted in using lesser bandwidth for the transfer of data.
