LTIMindtree

60%

Implemented transformative Supply Chain solution, using IoT devices for a global pharma manufacturer. The implementation improved the time out of environment circulation by 60%, and reduced drug wastage while improving the supply chain visibility.

1st

Implemented a fully integrated serialization, track, and trace solution for a global pharma customer. This is one of first implementations that addresses serialization requirements in the US and South Korea.

2MN+ Patients

Helping a large medical devices company in their digital journey. The new platform collects patient data from devices and mobile applications, that helps HCPs, physicians to provide better care and ensure therapy compliance. This platform currently collects data from 2Mn+ patients.

> In a record time, exceeding everyone's expectations, LTIMindtree team was able to setup a highly restricted and one of the most complex applications on curve platform for Top Management.

US-based Multinational
Media Devices, Pharmaceutical, and Consumer Packaged Goods Manufacturer.

> LTIMindtree brings a broad set services with global reach that we can leverage to achieve our goals, so we can effectively deliver for our customers.
