

Case study

Contactless Compliance for Leading Cards, Payment, and Information Service Provider in Nordic Region

Client

Leading cards, payment, and information service provider in Nordic region. Processes 45% of Nordic Market Card Processing.

Challenges

Study of EMV standards of MasterCard/Visa for C 'less cards; Understanding C 'less hardware and its kernel (PayPass and PayWave); set up of testing tool for PayWave and PayPass testing.

Scope

Contactless (C 'less) application development and testing on the payment terminal (POS). Testing includes Visa PayWave and MasterCard PayPass compliance testing.

LTIMindtree Solution

Development of the new C 'less functionality based on existing Payment Application and Platform. Generic implementation for easy deployment to the Norwegian, Swedish, and Danish markets. Testing of contactless application in the terminal where NFC cards or NFC enabled mobiles can be used to purchase from the merchant.

Business Benefits

- Enhanced existing POS application for contactless payments
- Improved Co-ordination with Compliance Facilitation agencies
