

Case Study

Software-Defined Datacenter for

Client

With 50+ years of service, the client provides payment services to over 300,000 merchants throughout the Nordic region - from large corporations to smaller enterprises, and micro-merchants.

Challenges

- · Need for modernization due to regulatory compliance demands
- · Seamless migration of mission-critical Infrastructure
- · High operational cost
- Drive up experience of the already digital-native target audience

SDI Design and Deployment

 New Fabric (EPG-based) extended to the old datacenter (STP-based), allowing phased migration of 80+ applications

LTIMindtree Solution

- · Migration of 65 applications as-is (1:1 VLAN to EPG mapping)
- · Migration of 15 applications after redesign (inter-subnet and inter-VLAN communication rules tweaked)
- Performed service migrations (live vMotion)
- 80+ enterprise applications migrated in four months

Business Benefits

- · Accelerated migration of all enterprise applications
- · Seamless migration from Legacy DC to SDDC in a phased manner without business impacts
- Smooth migration to new DC, allowing usage of existing VLAN/IP schema, leading to negligible downtime, and ensuring continuation in business operations

Technologies Used

Cisco ACI, Cisco UCS, FirePower, VMware DVS, and RapidAdopt

LTIMindtree is a global technology consulting and digital solutions company that enables enterprises across industries to reimagine business models, accelerate innovation, and maximize growth by harnessing digital technologies. As a digital transformation partner to more than 700 clients, LTIMindtree brings extensive domain and technology expertise to help drive superior competitive differentiation, customer experiences, and business outcomes in a converging world. Powered by 84,000+ talented and entrepreneurial professionals across more than 30 countries, LTIMindtree — a Larsen & Toubro Group company — combines the industry-acclaimed strengths of erstwhile Larsen and Toubro Infotech and Mindtree in solving the most complex business challenges and delivering transformation at scale.
