

## Case Study

---

# Providing 24x7 Security Operations Centre Support to a US-Based Multinational Mass Media and Entertainment Conglomerate

### Client

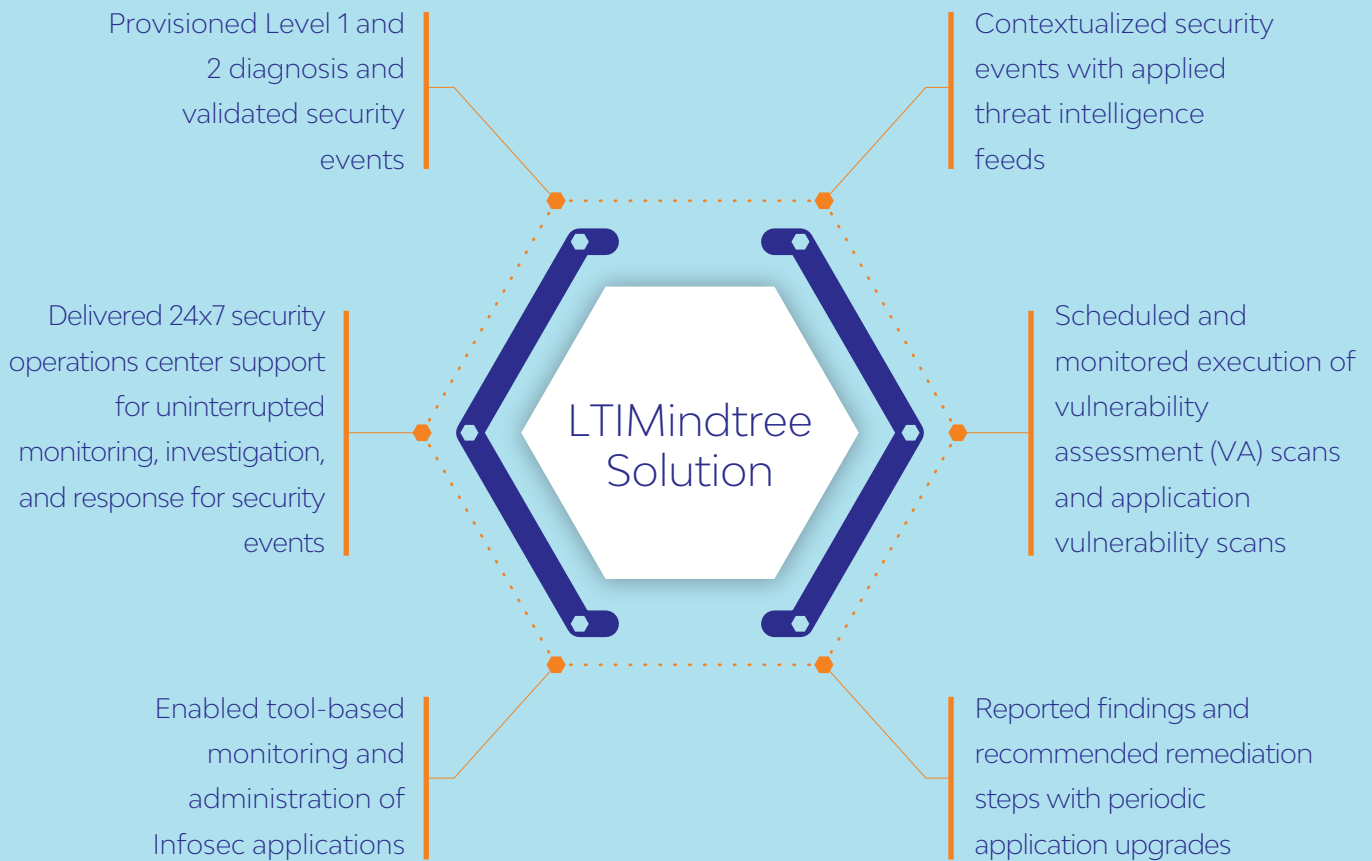

Our client is a global media and entertainment company that delivers premium content and experiences for audiences worldwide through television and streaming channels. The customer is also in the business of studio production, content publishing, organizing live events, selling merchandise, and more.

## Challenges

- ✓ Delayed events, alerts, and workflows due to bottlenecks in SIEM/network and a larger attack surface
- ✓ Lack of information about the infrastructure due to limited visibility, blind spots, and misplaced access controls for L1/L2 specific activities
- ✓ Increased volume of security alerts causing alert fatigue amongst SOC operators

## LTIMindtree Solutions

# Business Benefits

Increased security visibility and minimized breach impact and reporting through 24x7 monitoring

Reduced time to response and accelerated detection and remediation of threats

Reduced alert fatigue, increased SOC operator efficiency, and bolstered deflection of adversarial attacks with contextual threat intelligence reports

Identified and remediated security weaknesses to improve security controls and ensured confidentiality, integrity, and availability (CIA)
