LTIMindtree

LTIMindtree Cyber Defense Resiliency Center–

A Collaborative Cybersecurity Ecosystem at HartFord, CT

Experience | Immerse | Collaborate | Co-Innovate

Best-in-class cybersecurity ecosystem under one roof to collaborate, innovate, and outsmart cyber attackers

Overview

With the evolving and ever-changing tactics of cyber threats and the unpredictable nature of cybercriminals, cybersecurity can no longer be an afterthought. Organizations looking to expand their digital footprints and catapult business growth need to reassess their cybersecurity strategy and prepare themselves for digital supply chain threats, ransomware, data breaches, cloud attacks, and many more possible system vulnerabilities. Additionally, industries with critical infrastructure find it challenging to manage cyber vulnerabilities around operational technologies as IoT & OT systems have seen an exponential rise in attacks in recent times.

About Cyber Defense
Resiliency Center (CDRC)
in Hartford

LTIMindtree has always been at the forefront of creating innovative solutions to ensure enterprises transform digitally at scale and remain protected against every possible cyber threat by embedding security into the core of their business. To outplay cyber attackers and build Active Cyber Defense Resiliency (ACDR) by predicting and preventing cyber-attacks, LTIMindtree has set up a state-of-the-art Cyber Defense Resiliency Center (CDRC) in Hartford, CT. Including the CDRC in Hartford, LTIMindtree now has a total of 8 global Cyber Defense Resiliency Centers.

CDRC will be a hub for cybersecurity experts from LTIMindtree, clients, and partners to collaborate, co-create, and co-innovate futuristic cybersecurity solutions to safeguard organizations even against the most sophisticated cyber-attacks and make cyber security an integral part of their business.

CDRC combines LTIMindtree's expertise in Cyber Defense Resiliency services with best-in-class cyber security experts and state-of-the-art modern infrastructure to offer an environment that lets you
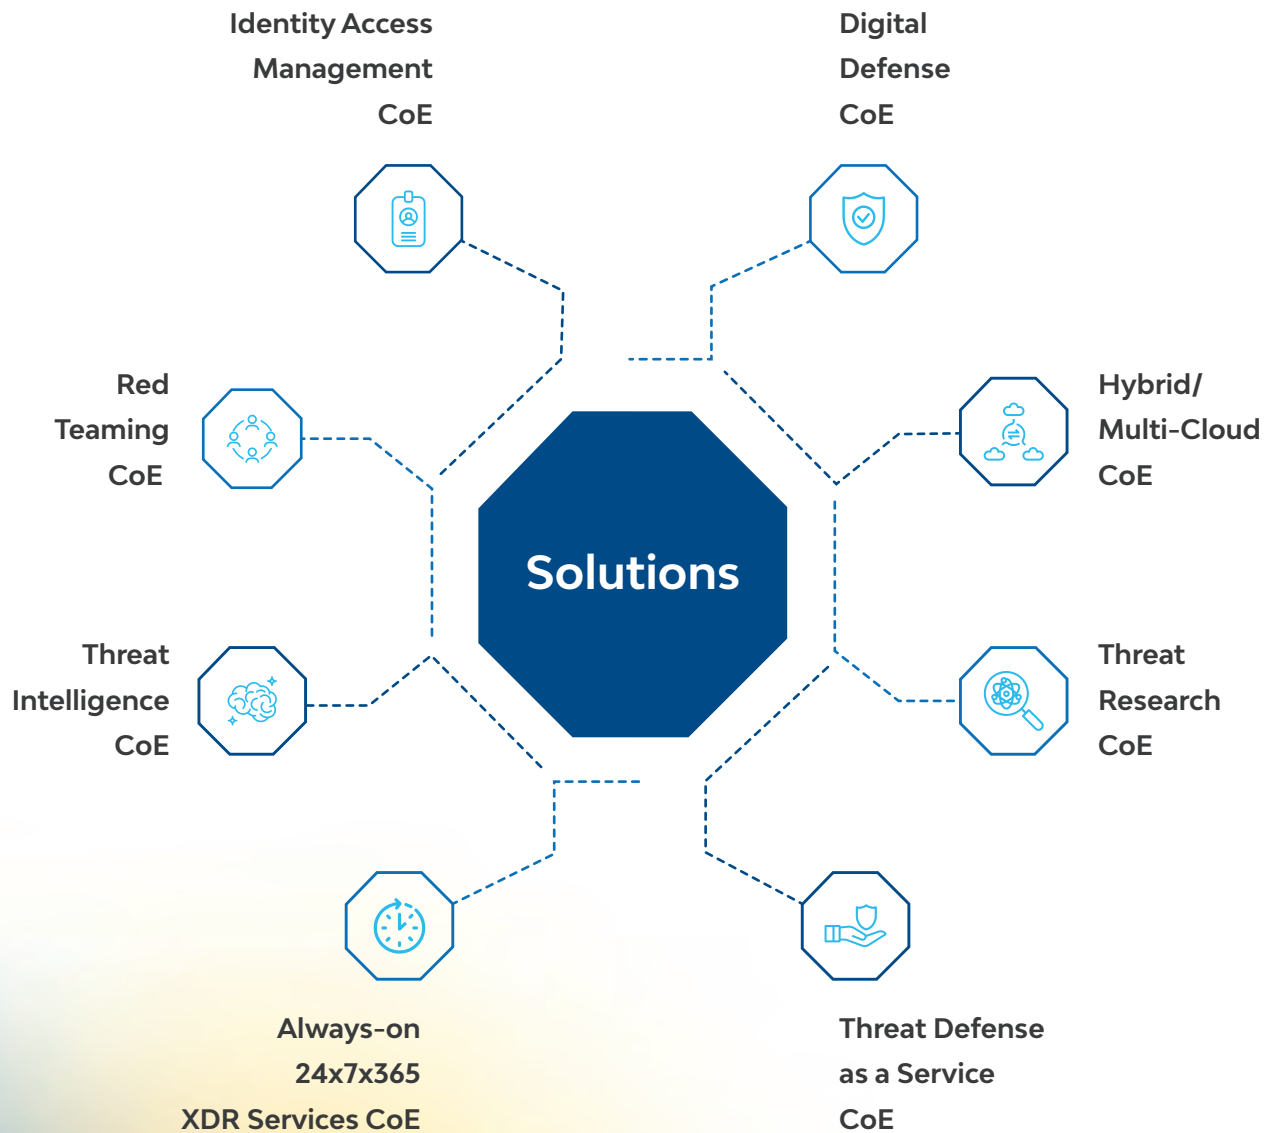

Experience   Immerse   Collaborate   Co-Innovate
