Artificial Intelligence (AI) Usage

LTIMindtree leverages Artificial Intelligence (AI) technologies to enhance various operational processes. This section outlines the specific uses of AI, the legal basis for processing personal information, and the guidelines for responsible AI usage within the organization.

1. AI in Recruitment

We utilize AI technologies, including interview bots, to assist in recruitment processes. These technologies assist in pre-screening candidates, scheduling interviews, and conducting initial assessments and interviews which may include proctoring for integrity checks. The use of AI in recruitment aims to improve efficiency, while we also emphasize the importance of transparency and human intervention in making final decisions. Our approach ensures that a human is always in the loop, reviewing AI-generated insights and making the final hiring choices. This practice aligns with our commitment to responsible AI principles, ensuring transparency, fairness, bias mitigation and accountability throughout the recruitment process along with compliance of legal requirements.

2. Internal AI Usage

Employees may use AI technologies for internal purposes such as:

- Validating and authenticating documents/information
- Assistance in creating, extracting, and summarizing documents/emails through AI-powered assistants like Copilot
- AI bots for internal processes including but not limited to interviews, training, reporting, analysis, policy summarization

These technologies are intended to streamline workflows and enhance productivity.

3. Legal Basis for Using Personal Data

The processing of personal data through AI technologies is conducted based on the following legal bases, as applicable:

- **Consent:** Obtained from individuals for specific AI-related processing activities.
- **Legitimate Interests:** Where the processing is necessary for the purposes of legitimate interests pursued by our organization, provided these interests are not overridden by the rights and freedoms of the data subjects.

4. Human Oversight

All AI technologies are subject to human oversight to ensure ethical decision-making, accountability, and compliance with legal regulations and guidelines. Human reviewers are responsible for monitoring AI outputs and intervening when necessary to correct errors or biases.

5. Third-Party Systems and Personnel

We may engage third-party AI technologies and personnel to support our AI initiatives. These third parties are carefully evaluated to ensure they adhere to our data protection standards, applicable laws and ethical guidelines.

6. Data Protection and Security

We evaluate all sensitive or personal information before sharing of such information is authorized with AI technologies. This includes ensuring that no confidential or proprietary information is entered into AI technologies without proper safeguards.

7. Acceptable Use Policy/AI Governance

We have established an AI Policy at LTIMindtree, which defines the permissible use cases for AI within the organization. This policy highlights ethical considerations such as bias, privacy, and transparency, and outlines the process for getting new AI use cases reviewed and approved in line with responsible AI practices. You may refer to LTIMindtree's AI Policy here: [Global - Artificial Intelligence Policy](#)

8. Compliance Monitoring

To ensure compliance with our AI usage policies, we have implemented monitoring mechanisms. These include regular audits, employee training programs, and the use of AI governance platforms to track AI adoption and usage.

9. Risk Management

We conduct risk assessments to identify and mitigate potential risks associated with AI usage. This includes evaluating the performance, security, and ethical implications of AI technologies, and taking actions as needed.

10. Transparency and Documentation

We maintain documentation of our AI technologies and their usage. Transparency is key to building trust with our stakeholders and ensuring accountability.

By adhering to these guidelines, we aim to use AI responsibly and transparently, ensuring that our practices align with legal requirements and ethical standards.
