

ESG Service Offerings

Ensuring a sustainable future by catalyzing your ESG goals.

Companies are incorporating sustainability into their fundamental business strategies as it is a driver to build resiliency and long-term value. This also influences investors' attention and choices towards working with businesses that are transparent about their ESG performance.

LTIMindtree, a pioneer in enabling sustainability, provides 'a blend of' green technology, intelligence services, and accelerators, that assist our client in their ESG narratives.

GHG Accounting

Undertaking the computation and inventorization of emissions in CO₂ equivalent based on industry and sector standards.

Advisory/consulting services in getting 3rd party independent assurance.

ESG Reporting

Simplifying and accelerating the ESG reporting based on leading global sustainable framework.

ESG Consulting

Providing advisory services for the selection of ESG reporting framework, material topics, reporting frequency, rating, and tool selection.

Reporting Automation

Digital solutions for materiality assessment, automated data capture with prebuild dashboards & reporting.

Net Zero

Curating enterprise, goal setting, planning, and review with a comprehensive roadmap towards net zero.
