

LTIMindtree Launches A Comprehensive Suite Of Assurance & Compliance Services Platform, Rely, For S/4HANA Programs In Collaboration With Tricentis

EDISON, U.S. and MUMBAI, India – May 16, 2023: [LTIMindtree](#) [NSE: LTIM, BSE: 540005], a global technology consulting and digital solutions company, in collaboration with Tricentis, a global leader in enterprise continuous testing and quality engineering, has launched its latest suite of automated testing tools for SAP S/4HANA.

Called 'Rely', the LTIMindtree platform for SAP's latest-generation enterprise resource planning software offering - S/4HANA – is a comprehensive suite of assurance and compliance services designed to streamline the execution of S/4HANA programs. The platform provides a built-in framework for innovative testing tools and methodologies, enabling enterprises to maximize their business optimization on S/4HANA.

Enterprises migrating to S/4HANA often face significant challenges, owing to the dependence on manual testing process and longer testing cycles. There is an urgent need to mitigate risks associated with delayed release and production defects, while reducing costs and increasing efficiency. LTIMindtree's 'Rely' aims to de-risk S/4HANA program by offering automation testing and ensuring that all critical business processes are thoroughly tested and validated. It eliminates delays in production releases and helps enterprises accelerate time-to-market, helping them meet the demands of customers.

"IT complexity and inefficient testing process prevent many enterprises from fully realizing the business benefits of their S/4HANA migration," said **Vineet Moroney, Executive Vice President & Global Head - Enterprise Applications at LTIMindtree**. "Our partnership with Tricentis and experience with S/4HANA solutions through Rely equip us with a powerful set of capabilities and expertise that can help customers navigate their business transformation with S/4HANA, compete more effectively in a challenging global business environment, and cater to the demand for environmentally responsible products."

"S/4HANA releases new functionalities frequently. Organizations following traditional testing methods stand to experience major challenges as they try to keep pace," said **VJ Kumar, SVP and GM of Strategic Partnerships, Tricentis**. "By partnering with LTIMindtree, we are pleased to help more organizations automate continuous testing so they can optimize their use of S/4HANA during and post migration."

About Tricentis

Tricentis is a global leader in continuous testing and quality engineering. The Tricentis AI-based, continuous testing portfolio of products provide a new and fundamentally different way to perform software testing. An approach that's totally automated, fully codeless, and intelligently driven by AI. It addresses both agile development and complex enterprise apps, enabling enterprises to accelerate their digital transformation by dramatically increasing software release speed, reducing costs, and improving software quality. Widely credited for reinventing software testing for

DevOps, cloud, and enterprise applications, Tricentis has been recognized as a leader by all major industry analysts, including Forrester, Gartner, and IDC. Tricentis has more than 2,500 customers, including the largest brands in the world, such as McKesson, Accenture, Allianz, Telstra, Dolby, and Vodafone.
