LTIMindtree positioned as a Leader in ISG's Provider Lens™ Evaluation for Oracle Cloud and Technology Ecosystem 2024

This recognition highlights LTIMindtree's excellence across all quadrants in US and Europe region

Mumbai, India – May 1st, 2025: LTIMindtree [NSE: LTIM, BSE: 540005], a global technology consulting and digital solutions company, has been named a **Leader** across all four quadrants in the **ISG Provider Lens™ Oracle Cloud and Technology Ecosystem 2025** report for both the **United States and Europe** by **Information Services Group (ISG), a leading global technology research and advisory firm**.

The ISG Provider Lens™ report evaluates the capabilities of 30 providers across four quadrants: Consulting and Advisory Services, Implementation and Integration Services, Managed Services, and OCI Solutions and Capabilities. LTIMindtree has been named a Leader in all four quadrants, highlighting its robust expertise and commitment to driving digital transformation for enterprises.

"LTIMindtree's leadership in the Oracle Cloud ecosystem stems from its strong commitment to AI-driven automation, deep Oracle expertise, and customer-centric approach. Its proprietary frameworks and accelerators make Oracle Cloud adoption seamless for enterprises," said **Siddharth Idnani, Lead Author, ISG Oracle Cloud and Technology Ecosystem 2025**.

Why LTIMindtree Stands Out

- **Comprehensive Oracle Cloud Expertise** – End-to-end solutions covering consulting, implementation, integration, and managed services tailored for industry-specific needs.
- **AI-Driven Automation & Accelerators** – Proprietary AI-powered platforms, including **Enclose, Infinity, Canvas and Novigo**, drive efficiency and faster cloud adoption.
- **OCI-Centric Innovations** – Cutting-edge solutions like **Cloud Boost powered by Infinity Platform** streamline Oracle Cloud Infrastructure (OCI) migration, ensuring cost-effective transformation.
- **Proven Track Record in Oracle Ecosystem** – Backed by **3,500+ Oracle-certified professionals and over 150 Oracle Expertise Badges**, LTIMindtree has been a trusted Oracle partner for over **20 years**.

"We are honored to be recognized as a Leader in Oracle Cloud transformation across both the US and Europe markets. Our AI-driven automation platforms, industry-specific solutions, and deep Oracle expertise enable enterprises to unlock new value and accelerate their cloud journeys," said **Newin Durai Chelladurai, Head of Oracle Practice, LTIMindtree.**

With its commitment to AI-driven innovation, deep Oracle expertise, and a client-first approach, LTIMindtree is the ideal partner for enterprises looking to harness the full potential of Oracle Cloud.
