LTIMindtree's Elevate Enterprise

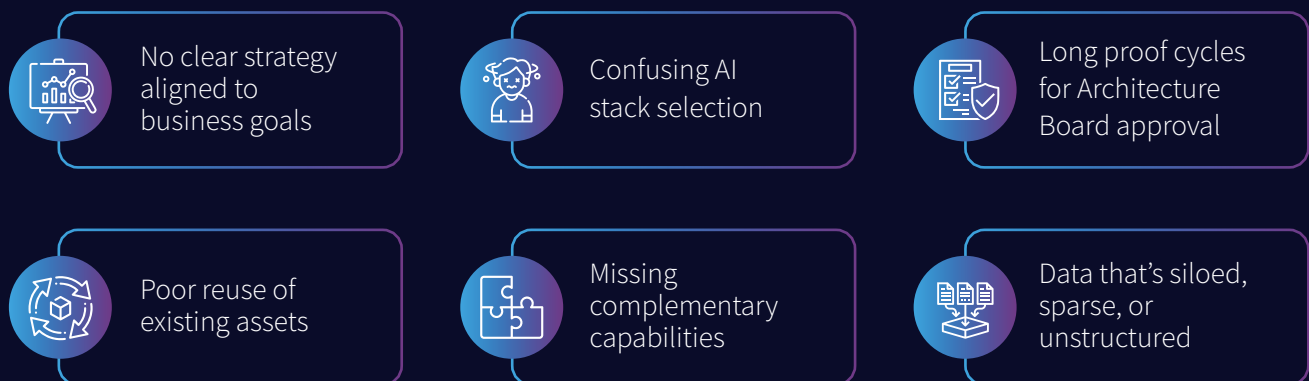

Reimagine Automation with Gen AI + Appian

Unlock smarter workflows with gen AI-powered process automation on the Appian platform. Drive efficiency, spark innovation, and transform customer experiences. Say goodbye to data silos, talent gaps, and integration headaches. Say hello to agile, ethical, and scalable AI adoption. It's time to elevate your enterprise—faster, smarter, and future-ready.

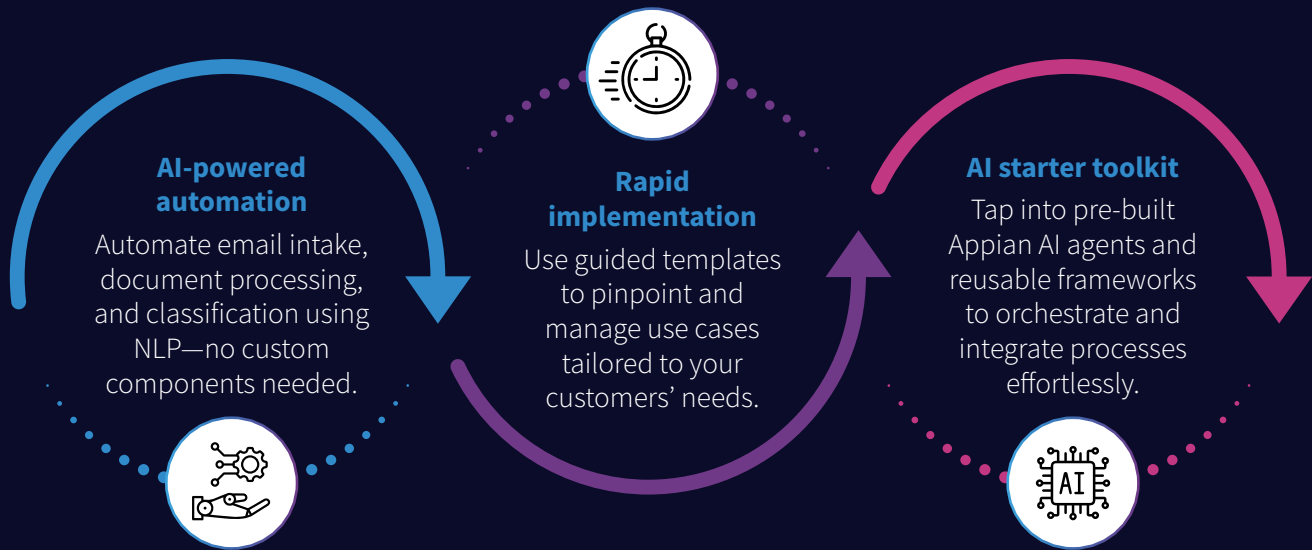

Why standard AI stacks fall short?

Building complete AI solutions isn't plug-and-play. You need experience, integration, 360° data access, human-in-loop options, business rules, and validation. Standard stacks miss the mark—leading to delays, rework, and missed opportunities. Challenges include:

The smarter way forward Enterprise-grade AI without the guesswork

Step into the future with LTIMindtree's Elevate Enterprise Offering. It enables customers to overcome the limitation of platform AI skills with a proven use-case. It also supports a structured delivery model to accelerate customers journey towards intelligent automation, improved operational efficiency and better customer experience.

Benefits you can bank on

40% reduction in AI adoption time

Rapid AI integration of workflows with minimal AI expertise. Built on the Appian Low Code platform, the Elevate AI Starter ToolKit leverages the power of AI with configurability to accelerate AI adoption.

90% reduction in manual processes

Intelligent end-to-end automation with hyper-automation capabilities using orchestrated AI skills.

Pre-assessment to identify AI use-case

Efficient process discovery using Elevate AI Workshops and defined templates.

Accelerated time-to-value

Deliver your first AI-based MVP in 6 weeks.

Why LTIMindtree?

LTIMindtree brings unmatched expertise and proven success to your AI journey:

Transforming operations with Elevate Enterprise

A leading investment management firm tackled high email volumes and manual backlogs using LTIMindtree's Elevate Enterprise solution. By implementing Appian-based intelligent automation, they streamlined email and document classification, extraction, and creation. The result? An 80% reduction in manual processes and 90% automated classification with built-in NIGO scenario verification—accelerating efficiency and accuracy across operations.

With Elevate Enterprise and our domain expertise, LTIMindtree delivers AI-powered Appian solutions faster. We've helped organizations transform with intelligent agents—now let's accelerate your AI adoption journey, together.
