

## **Maples Group selects LTIMindtree to Power their Expansion into Canadian Alternative Fund Services**

**Toronto – January 13, 2026** – LTIMindtree, a global technology consulting and digital solutions company, is excited to announce that Maples Group has joined their community of clients. This marks a significant milestone for Maples Group, a leading global provider of legal, fiduciary and fund administration services, expanding its services to Canadian-domiciled Alternative Investment Funds. This partnership enables Maples Group to offer streamlined operations, enhance investor servicing capabilities, and ensure regulatory compliance through the Unitrax® platform's robust fund administration features.

**Tina Allan, President, LTIMindtree Canada**, said, “We are thrilled to welcome Maples Group to our LTIMindtree community. We are confident that our partnership will fuel their focus and priority to service Alternative Investment Funds in Canada. The Unitrax® platform is rich in capability and highly flexible to support their continued growth in this space. “

**Mark Weir, Deputy Head of Fund Services, Maples Group**, said, “LTIMindtree Canada’s technology and deep understanding of asset servicing in Canada makes them an optimal partner as we extend our services for Canadian-domiciled Alternative Investment Funds for our Canadian and global clients. LTIMindtree will support our platform, which provides managers with broad support in launching and operating Canadian funds, as well as accessing the Canadian marketplace.”

LTIMindtree is a global leader in the IT Products and Services industry working with some of the largest financial institutions in Canada. Unitrax®, a SaaS-based transfer agency record-keeping platform, is the leading wealth and asset management platform in Canada, with Assets Under Administration in excess of \$1 trillion, enabling fund manufacturers and insurance providers to address unique and complex asset servicing needs across the product spectrum.

Maples Group is a global market leader in provision of legal, fiduciary, fund administration, regulatory and compliance and entity formation and management services, with expertise across a range of jurisdictions, sectors and disciplines.
